At the Heads and Revs in February 2026 we introduced the work of David Csinos into spiritual styles. Delegates found this helpful and asked for more information and examples of how this might work for pupils. This session is an opportunity to explore this thinking more deeply.

This session is for:

- Incumbent and the Headteacher from a school or schools in their parish.
- This school could be a church school, community school or independent school, educating pupils of any age between 2-18
- You are welcome to bring other members of your team from both church and school with you.

By attending this workshop, you will:

- Look further at the work of David Csinos into spiritual styles and consider how this might inform your joint work.
- Look at some examples of activities that the school and church might do together to enable children to flourish spiritually in different styles.
- Hear what pupils told us when we asked them about what they like about collective worship.
- Have plenty of time to plan together for your joint work.
